Each section provides answers to questions from the Parent/Carer's Point of View. The requirements for the SEND Information Report have been incorporated into this document, based on the latest draft version of *the Special Educational Needs (Information) Regulations* (correct as of May 2014). Questions providing information required as part of the Information Report Regulations are shown using the letters **IRR** (Information Report Regulations).

#### Identification

**How will you know if my child or young person needs extra help? *(IRR)***

**We know when pupils need help if:**

Concerns are raised by parents/carers, teachers, or the pupil's previous school

Tracking of attainment outcomes indicate a lack of progress

Pupil observation indicates that they have additional needs in one of the four areas -

1. Communication and interaction
2. Cognition and learning
3. Social, mental and emotional health
4. Sensory/physical

A pupil asks for help

A change in behaviour

**What should I do if I think my child or young person needs extra help?**

If you have a concern then please firstly discuss this with your child's teacher. We understand that working together can provide a broader insight into your child's needs. Your child's teacher will work with you and your child to discuss their needs are and how we can make adjustments to support your child throughout their school life. After this discussion you may then be contacted by our SEND Co-ordinator.

**Where can I find the setting/school's SEND policy and other related documents? *(IRR)***

The website provides you with all relevant school policies and documents relating to provision offered to our pupils. Please visit <http://oxhey.staffs.sch.uk/send/>

### Teaching, Learning and Support

#### How will you teach and support my child or young person with SEND? *(IRR)*

1. All children in our school have quality first teaching where daily planning means learning is scaffolded and takes into account any personalised learning needs. This is arranged in a variety of ways and allows pupils to experience both success and challenges while working in both ability groups and mixed ability groups. Please refer to our Graduated Response for Cognition and Learning in our SEND Policy.
2. Adults are used to support groups and individuals with the aim to build independence.
3. Progress is measured termly and aspirational targets are set for each child during Pupil Progress meetings. Those struggling to make progress will be given additional support, which will be discussed with a member of the senior leadership team. If required, additional strategies to further support the success of the pupil may be provided by the SENDCO.
4. Standardised toolkits such as Sandwell Numeracy Tests, YARC reading Assessments, British Picture Vocabulary Scale (BPVS) and PhAB (Phonics Assessments) may be used to identify specific areas of need.
5. If a review of the action taken indicates that “additional to and different from” support will be required, the views of all involved including the parents and the pupil will be gathered and appropriate evidence-based interventions will be identified in a Personal Learning Plan (PLP). This process is referred to Assess, Plan, Do Review or APDR. The PLP will be recorded and implemented by the class teacher, with advice from the SENDCO and at the same time, parents will be informed that the school considers their child may require SEND support and their partnership sought in order to improve progress.
6. A personal Learning Plan (PLP) or Targeted Strategy Plan (TSP) will identify a clear set of expected outcomes, which will include challenging and relevant academic and developmental targets. Progress towards these outcomes will be tracked and reviewed at least termly with the parents and the pupil.
7. If progress rates are still judged to be inadequate despite the delivery of high quality interventions, advice will be sought from external agencies regarding strategies to best meet the specific needs of a pupil. This will only be undertaken after parent permission has been obtained and may include referral to:
  8. Children First Learning Partnership SEND Hub
  9. Moorlands SEND Hub
  10. Autism Inclusion Team
  11. Hearing Impairment team
  12. Visual Impairment team
  13. Speech and Language Therapy

### Teaching, Learning and Support

14. Autism and Sensory Support in Staffordshire (ASSIST) Post 16
15. Educational Psychologist Service
16. VIP Education Welfare
17. Physical and disability support service
18. Social Services
19. School Nurse
20. CAMHS (Child & Adolescent Mental Health Service)
21. Trailblazers Support (Mental Health service)

Where referrals to the Moorlands SEND Hub are made, The Locality Management Group (LMG) will determine whether additional professionals, such as Educational Psychologists, The Autism Inclusion Team etc. will be involved as part of an Enhanced Assess, Plan, Do, Review (EADPR) process.

If the EADPR is agreed, there will be a 'Team Around the Child' meeting. Families will be fully included within decision making processes.

For a very small percentage of pupils, whose needs are significant and complex and the special educational provision required to meet their needs cannot reasonably be provided from within the school's own resources, a request will be made to the local authority to conduct an assessment of education, health and care needs. This may result in an Education, Health and Care (EHC) plan being provided.

For pupils who despite relevant and purposeful action taken to meet their special needs, fail to make expected levels of progress, the school or parents may also consider requesting an Education, Health and Care assessment that will be undertaken by the Local Authority.

### How will the curriculum and learning environment be matched to my child or young person's needs? *(IRR)*

- Teachers plan using information about the level their pupils are currently working at and differentiate work to closely match their interests, ability, learning needs and learning styles. When a pupil has been identified with special needs their work will be further scaffolded by the class teacher to remove barriers to learning and enable them to access the curriculum more easily.
- A teaching assistant may be allocated to work with the pupil in a 1:1 or small focus group to target more specific needs.

### Teaching, Learning and Support

- If appropriate, specialist equipment may be given to the pupil e.g. writing slopes, concentration cushions, pen/pencil grips or easy to use scissors.

### How are the setting, school, or college's resources allocated and matched to children or young people's needs?

- The SEND budget is allocated each financial year. The money is used to provide additional support or resources dependant on an individual's needs. Provision may include:
  - In-class support from teaching assistants
  - Small group support from teaching assistants e.g. nurture groups, literacy and numeracy support
  - Specialist support from teachers e.g. 1:1 tuition
  - Bought in support from external agencies e.g. access arrangement assessment, speech and language support.
  - Provision of specialist resources
  - CPD relating to SEND for staff
  - Further support or resources may be allocated to your child following assessments by school staff or outside agencies
  - Funding may be used to buy in specialist support

### How is the decision made about what type and how much support my child or young person will receive? Who will make the decision and on what basis? *(IRR)*

- The Executive Headteacher will decide how the budget for Special Educational Needs is spent, in consultation with the school governors, on the basis of needs in the school.
- Decisions regarding support will be decided at joint meetings with the SEND Co-ordinator, class teacher and parents for pupils with SEND but without an Education Health and Care plan.
- For pupils with a statement of educational needs/Education, Health or Care plan, this decision will be reached when the plan is being produced or during the annual review.

### How will equipment and facilities to support children and young people with SEND be secured? *(IRR)*

- Our facilities and equipment are regularly evaluated in relation to the needs of the students we have in school. Should it be necessary to have specialist equipment, these are generally met through the use of the school budget e.g, writing slopes, ear defenders etc.

### Teaching, Learning and Support

- For more specific equipment there are a number of outside agencies who can be contacted to provide this equipment on a loan basis i.e. a Braille machine, specific chairs.
- Our partnership with other schools also provides an opportunity to share resources for specific SEND needs.

### How will you and I know how my child or young person is doing and how will you help me to support their learning? *(IRR)*

- Your child's progress is continually monitored by his/her class teacher. His/her progress is reviewed formally every term linked to the National Curriculum statements. A termly report is provided detailing effort and attainment grades, a pastoral comment and personalised targets. For children with SEND, their PLP or TSP will also be updated at least termly and targets reviewed and shared with parents/carers.
- Standardised toolkits such as Sandwell Numeracy Tests, YARC reading Assessments, British Picture Vocabulary Scale (BPVS) and PhAB (Phonics Assessments) may be used to ascertain small steps of progress
- Statutory assessments take place at the end of Reception, during Year 1 with the phonics screen and during Year 4 with the MTC test. These results are published Nationally. Parents will be consulted if pupils with SEND are unable to access statutory assessments.
- The progress of children with a statement of SEND/ EHC Plan is formally reviewed at an Annual Review with all adults involved with the child's education.

A range of ways will be used to keep you informed, which may include:

- Home/school contact book
- Letters/certificates sent home
- Parents evening
- Additional meetings as required (PLP meetings)
- Annual Reviews
- Termly reports
- End of Year Reports

Staff offer a number of ways where you can discuss your child's progress

- Weekly drop in that parents can attend with class teachers or the SEND Co-ordinator

### Teaching, Learning and Support

- Parents are consulted through surveys and questionnaires about SEND provision at our school.
- The school organises a number of parent workshops and engagement sessions during the year. These are advertised in the school newsletter and on our website and aim to provide useful opportunities for parents to learn more about the curriculum that is being offered to their child.
- Outside agencies or the Educational Psychologist may suggest advice or programmes of study that can be used at home.

If needed parents can arrange an appointment to discuss their child's progress with the class teacher, the SENDCO, or a member of the senior leadership team. Please contact the school office who will arrange one for you.

### How does the setting, school or college consult with and involve children and young people with SEND in planning and reviewing their education? *(IRR)*

- We value and celebrate each child being able to express their views on all aspects of school life. This is usually carried out through the School Council, which discusses issues or viewpoints which are raised.
- The voice of the pupil is considered very important and regularly sought, in order to ascertain if reasonable adjustments are proving effective and in setting new targets. If your child has an EHCP their views will be sought before any review meetings. (IRR)
- Where the pupil is unable to express their views, the voice of the parent and external agencies will be gained. This may be through:
  - discussions with the class teacher, SENDCO or senior leadership team member
  - during parents evenings
  - PLP or TSP reviews
  - drop-ins

### How does the setting/school/college assess and evaluate the effectiveness and sufficiency of its arrangements and provision for children and young people with SEND? *(IRR)*

- We gain the views of all stakeholders regularly through on-line surveys and questionnaires, formal and informal discussions. This can be discussed at any of the drop-ins held by staff or the SEND Co-ordinator, during the PLP/TSP or EHCP review meetings, parents' evenings or

### Keeping Students Safe and Supporting Their Wellbeing

#### How do you ensure that my child or young person stays safe outside of the classroom?

- There are a number of ways that we aim to keep your child safe outside of the classroom. We want all children to be able to take part in all areas of the curriculum and aim for all children to participate in school trips.
- Risk assessments are carried out regularly within school and prior to any off site activity to ensure nobody's health & safety will be compromised.
- If a health and safety risk assessment suggests that an intensive level of 1:1 support is required a parent or carer may also be asked to accompany their child during the activity in addition to the usual school staff.
- We also ensure that your child will be safely handed over to a member of staff at the door each morning and dismissed to the nominated adult in person at the end of the day.
- Where a child may require additional support during break/lunch or transitional times, a nominated member of staff will be allocated.

#### What pastoral support is available to support my child or young person's overall well-being?

We welcome and celebrate diversity. All staff believe that children having high self-esteem is crucial to a child's well-being. We have a caring, understanding team looking after our children. The school offers a wide variety of pastoral support for pupils.

These include:

- An evaluated Personal, Social, Health, Relationships Education (PHSRE) curriculum that aims to provide pupils with the knowledge, understanding and skills they need to enhance their emotional and social knowledge and well-being.

Classrooms are monitored frequently to ensure the SEMH core offer is embedded and consistent

### How will the setting, school or college manage my child or young person's medicine or personal care needs?

- If a pupil has a medical or intimate care need than a detailed Care Plan is compiled by the school in consultation with the school nursing service and parents/carers. These are discussed with all staff who are involved with the pupil. Pupils will be supported with their intimate care and personal needs, including dietary, where necessary.
- Where necessary and in agreement with parents/carers and the Executive Headteacher, prescribed medicines are administered in school where a signed medication form is in place.

### What support is available to assist with my child or young person's emotional and social development? *(IRR)*

The class teacher has the overall responsibility for the pastoral and social care of every child in the class, therefore this member of staff would be the parents' first point of contact.

- Members of staff are readily available for pupils who wish to discuss issues and concerns and suggest mindfulness and wellbeing activities.
- Each class has an emotions board, which enables pupils to communicate, very visually, how they are feeling and when they may require support.
- Trailblazers, our mental health support team, work closely with school to provide support which enables emotional and mental wellness. Sessions are delivered on a whole-school, class, group or individual basis, where needed. Parents may request an individual referral to this service for their child or a member of staff may recommend one, with parental consent.
- Our website (SEMH section of SEND page) provides a number of activities that support and promote emotional well-being, along with links to external agencies and local authority support pathways.
- In-house interventions are also offered, tailored to need, in-line with our behaviour policy and SEMH Graduated Response

### What support is there for behaviour, avoiding exclusions and increasing attendance?

- Our Behaviour Policy can be found on the website in the policies section and promotes positive behaviour through the sharing and agreement of school rules and consistent and regular rewards, and where necessary, sanctions.
- A behaviour ladder in all classrooms ensures a consistent approach to behaviour management, regular feedback verbally and visually for all children and a flexible way of both celebrating success, challenging low level behavioural issues and also allowing pupils to reflect on and improve their behaviour. This system may, on an individual basis, be reasonably adjusted where pupils have a personal behavioural plan for their behaviour.
- Where pupils require additional behaviour support, a positive behaviour plan will be drawn up by the school, in consultation with parents/carers and any other involved external agencies. This will usually involve bespoke reward systems.

### When was the above information updated, and when will it be reviewed?

As a school we annually update the information provided on this form and our review date is set for February each year.

### Where can I find the Staffordshire Local Offer? *(IRR)*

The Staffordshire Local Offer can be found at

<https://www.staffordshireconnects.info/kb5/staffordshire/directory/localoffer.page?localofferchannel=0>

### What can I do if I am not happy with a decision or what is happening? *(IRR)*

If at any stage as a parent/carer you are unhappy with the provision that we are making for your child, you should in the first instance approach the class teacher or the school's Special Educational Needs/Disability Coordinator (SENDCO). If this does not solve the complaint, then a parent should then speak to the Executive Headteacher who will discuss and advise the next steps. Should a complaint be made as a school we have a complaints policy, which can be obtained through the Admin office or on the school website <http://oxhey.staffs.sch.uk/school-policies/> under the general policies section.

### Additional Information

However, if a parent/carer disagrees with the contents of an Education, Health and Care Plan or a decision not to issue one, an appeal can be made to the first-tier Tribunal (Special Educational Needs and Disability) against decisions made by Local Education Authorities in England. **(IRR)**
